TABLE AND FLOOR LIGHTS

## BOWL. IN A BOWL. IN ANOTHER BOWL.

The boule series: consisting of a table light, a short floor light and a tall floor light, bring a bold scale to their ambient output. Sitting atop a simple porcelain base, the series allows for the reflected and refracted radiance to take centre stage; captivating onlookers well into the warm evening.

### **CARE INSTRUCTIONS**

Regular cleaning and maintenance is important in order to keep your pulpo product looking its best and to prolong its life. Always remove any kind of dirt as soon as possible. We recommend that you first test a small, invisible area to ensure that no colour change or damage arises to the product. Do not use materials for maintenance that contain abrasive agents or are basic, acid or organic.

### **GLASS CLEANING**

For dusting and light cleaning of glass use a soft, dry cloth. For further cleaning gently wipe the surface with a soft cloth wrung in clean water and a non-abrasive commercial glass cleaner. Dry immediately afterwards with a soft, dry and clean cloth. Please note that bubbles, streaks and other variations in size and colour are part of the production process, and not defects of the design or production of handmade glass.

### **CERAMIC CLEANING**

For dusting and light cleaning of ceramic use a soft, dry cloth. For further cleaning gently wipe the surface with a soft cloth wrung in clean warm water. Dry immediately afterwards with a soft, dry and clean cloth.
