

tray

by Peter Raacke

TRAY

A stamped steel pattern allows tray to have a light expression and a total commitment to functionality. Continuing Peter Raacke's award winning commitment to accessible design, a gridded steel form is turned up slightly on each side to present a simple surface in which to hold and carry life's objects.

YEAR OF DESIGN

1954

CARE INSTRUCTIONS

Regular cleaning and maintenance is important in order to keep your pulpo product looking its best and to prolong its life. Always remove any kind of dirt as soon as possible. We recommend that you first test a small, invisible area to ensure that no colour change or damage arises to the product. Do not use materials for maintenance that contain abrasive agents or are basic, acid or organic.
