by Sebastian Herkner
PENDANT AND FLOOR LAMP

Designer Sebastian Herkner has used his unique ability to transform references into the contemporary sphere – in this case the raw lighting of warehouse and industrial environments. Featuring a long exposed and dimmable LED light source, the lamps reflector has remained in clear view. Its textured aluminium surface elegantly plays with the lights reflections – transforming this industrial material into a delicate piece of the rl series' composition. Holding the components together is a simple black powder coated steel post to the rear.

ART. NR

	rl 1	rl 2
aluminium black	9000B	9001B

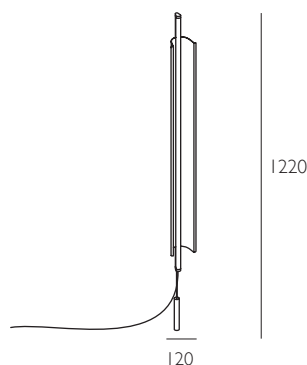

YEAR OF DESIGN
2017

MATERIAL
aluminium and steel

DIMENSIONS (mm)
rl 1
Ø 120 × 1220 H
rl 2
Ø 300 × 1600 H

PROCESS
Each piece is created from a textured aluminium shade and a base constructed in powder coated steel.

rl 1 PENDANT LAMP

BASE

powder coated steel

SHADE

textured aluminium

CABLE

black PVC cable 4000 mm with foot dimmer and Euro/UK/AUS-plug and with AC adaptor and Euro-plug

DIMENSIONS (mm)

Ø 120 × 1220 H

LIGHT SOURCE

Bulb: LED tube

Bulb fitting: E27 240 Volt

Dimensions (mm): Ø 80 × 120 H

Power consumption: max. 12 Watt

Voltage (V): 230–240; 50/60 Hz

Lifetime: 30 000 h

Radiation angle: 360°

Colour temperature: 2700 K

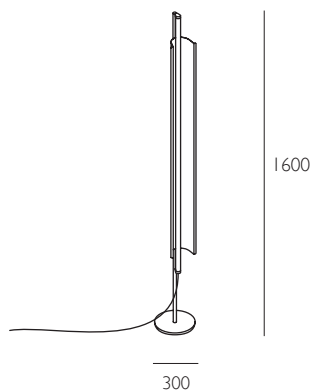

Lumen: 750 lm

Energy class: A++

Finish: warm white

rl 2 FLOOR LAMP

BASE

powder coated steel

SHADE

textured aluminium

CABLE

black PVC cable 4000 mm with foot dimmer and Euro/UK/AUS-plug and with AC adaptor and Euro-plug

DIMENSIONS (mm)

Ø 300 × 1600 H

Energy class: A++

Finish: warm white

CARE INSTRUCTIONS

Regular cleaning and maintenance is important in order to keep your pulpo product looking its best and to prolong its life. Always remove any kind of dirt as soon as possible. We recommend that you first test a small, invisible area to ensure that no colour change or damage arises to the product. Do not use materials for maintenance that contain abrasive agents or are basic, acid or organic.

METAL CLEANING

STEEL POWDER COATED, STEEL CHROME PLATED AND BRASS

For dusting and light cleaning of the base, use a soft and dry cloth. For further cleaning, gently wipe the surface with a soft cloth wrung in clean water and a neutral detergent or soap flakes of good quality. Dry immediately afterwards with a soft, dry and clean cloth.

For the best maintenance of the product, care for it regularly; protect it against direct sunlight and heat, and try to keep it away from moisture, grease, and other dirt. Furthermore, protect the surfaces against sharp objects and other that might scratch. Please note that brass may develop a patina over time. The darkening of the surface is due to oxidation. If left untreated, the surface will eventually turn entirely darker.
