CARE INSTRUCTIONS

Regular cleaning and maintenance is important in order to keep your pulpo product looking its best and to prolong its life. Always remove any kind of dirt as soon as possible. We recommend that you first test a small, invisible area to ensure that no colour change or damage arises to the product. Do not use materials for maintenance that contain abrasive agents or are basic, acid or organic.

METAL CLEANING

STEEL POWDER COATED, STEEL CHROME PLATED

For dusting and light cleaning of the base, use a soft and dry cloth. For further cleaning, gently wipe the surface with a soft cloth wrung in clean water and a neutral detergent or soap flakes of good quality.

Dry immediately afterwards with a soft, dry and clean cloth. For the best maintenance of the product, care for it regularly, protect it against direct sunlight and heat, and try to keep it away from moisture, grease, and other dirt. Furthermore, protect the surfaces against sharp objects and other that might scratch.

MDF

For dusting and light cleaning of MDF use a soft, dry cloth. For further cleaning gently wipe the surface with a soft cloth wrung in clean water and a neutral detergent or soap. Dry immediately afterwards with a soft, dry and clean cloth.
