

blow

by RSW + Christian Stapelbroek
PENDANT LIGHT

blow is possibly the most original glass product imaginable, "a tribute to the millennium-old art of glass blowing" (Carsten Schelling of RSW Design). Its bulb shape corresponds to the glowering lump of glass on the stick before being poured into a mould. The LED light sculpture with three flexible rods came out of a collaboration with Christian Stapelbroek and RSW.

COLOURS + ART. NR

| | |
|--------|------------|
| SHADE | smoky grey |
| ROD | black |

YEAR OF DESIGN
2020

MATERIAL
glass and powder coated steel

DIMENSIONS (mm)
one rod with lampshade 1400 L
(lampshade 290 W × 180 H,
rod Ø 22) installed (total) from
700 × 700 up to 1500 × 1500

PRODUCT CHARACTERISTICS
Each piece is created from three
steel rods with lampshades made of
coloured glass.

ASSEMBLY REQUIRED
Yes.

blow PENDANT LIGHT

from 700 × 700
up to 1500 × 1500

ROD

powder coated steel

SHADE

glass

CABLE

3 cables (3000 mm)

DIMENSIONS (mm)

one tube with lampshade 1400 L
(lampshade 290 W × 180 H, rod Ø22)
installed (total) from 700 × 700
up to 1500 × 1500

LIGHT SOURCE

Bulb: LED

Bulb fitting: E27

Dimensions (mm): Ø45 × 76 H

Power consumption: 4 Watt

Voltage (V): 230; 50/60 Hz

Lifetime: 30 000 h

Colour temperature: 2700 K

Lumen: 300 lm

Energy Class: A⁺

Finish: warm white

A⁺

CARE INSTRUCTIONS

Regular cleaning and maintenance is important in order to keep your pulpo product looking its best and to prolong its life. Always remove any kind of dirt as soon as possible. We recommend that you first test a small, invisible area to ensure that no colour change or damage arises to the product. Do not use materials for maintenance that contain abrasive agents or are basic, acid or organic.

METAL CLEANING

STEEL POWDER COATED

For dusting and light cleaning of the base, use a soft and dry cloth. For further cleaning, gently wipe the surface with a soft cloth wrung in clean water and a neutral detergent or soap flakes of good quality. Dry immediately afterwards with a soft, dry and clean cloth. For the best maintenance of the product, care for it regularly, protect it against direct sunlight and heat, and try to keep it away from moisture, grease, and other dirt. Furthermore, protect the surfaces against sharp objects and other that might scratch.

GLASS CLEANING

For dusting and light cleaning of glass use a soft, dry cloth. For further cleaning gently wipe the surface with a soft cloth wrung in clean water and a non-abrasive commercial glass cleaner. Dry immediately afterwards with a soft, dry and clean cloth. Please note that bubbles, streaks and other variations in size and colour are part of the production process, and not defects of the design or production of handmade glass.
